Your business plan

helping you with your business planning and forecasting

| Name of business | |
|---------------------|--|
| Date when completed | |

Please read the following notes before completing the form.

(You may wish to talk to an accountant or your Local Enterprise Agency.)

- 1. We have designed this form to help you and us in planning your business.
- 2. You should provide as much information as possible, as this will help in assessing the viability of your business.
- 3. Complete the financial sections as accurately as possible. This will provide you and us with information on your major costs and profit projections.

It will also assist us in making recommendations on business products you may need.

Your business plan

| 1. Who you are | | |
|---|----------------|----------|

^{*}Direct costs are the cost of goods sold and include costs to purchase raw materials and work carried out by sub-contractors. Wages and salaries of employees should be included as overheads in section 13.3 below because they are indirect costs incurred irrespective of whether the goods are sold.
