

Looking for a copy of [Building a Low Impact Roundhouse](#)?

Unfortunately this wonderful book is **no longer available at this location**.

If you can afford to [buy a hard copy of the book](#), I strongly recommend you do so, its a great book!

If not, like all digital content that exists, many other copies of the file that was previously available at this location are [available elsewhere](#).

So if you really want to get your hands on [Building a Low Impact Roundhouse](#) then just use [bittorrent](#) to download a copy from others who still have the file.

In general, if a book is freely available online you can normally find it by trying the following (and similar) google searches:

[https://www.google.com/search?q="book+title"+.torrent](https://www.google.com/search?q=)

[https://www.google.com/search?&q="book+title"+filetype%3Atorrent](https://www.google.com/search?&q=)

[https://www.google.com/search?&q="book+title"+.pdf](https://www.google.com/search?&q=)

[https://www.google.com/search?&q="book+title"+filetype%3Apdf](https://www.google.com/search?&q=)

See also [this article](#) for lots of discussion and comments about the realities and perceived pros and cons of sharing stuff online.

In short, we believe that the crime of sharing (aka copyright infringement) helps to prevent the far greater crime of the destruction of ecosystems everywhere.
