Looking for a copy of **Essence of Permaculture**?

Unfortunately this wonderful book is **no** longer available at this location.

But it is <u>freely available on the author's</u> website (which is where we got it from in the first place)

You can find many other good books online using <u>bittorrent</u>, by searching on Google (try e.g. <u>"title name" filetype:pdf</u>, <u>"title name"</u> <u>filetype:epub</u>, or <u>"title name" filetype:torrent</u> etc) or just look in <u>Library Genesis</u>.
