

CUT YOUR BILLS

WITH A LITTLE HELP

FROM YOUR FRIENDS

HURRY & JOIN
TRANSITION STREETS BY
Sunday 28th March 2010
for a chance to apply for free electricity

Join Transition Streets with six nearby friends and neighbours to

*Cut your energy
and water bills*

*Fit free or low-cost
wall insulation, loft
insulation, heating
system upgrade,
home energy check
and support*

*Apply for a discounted
solar PV-system to
make free electricity
and earn money*

Transition Streets helps local people save money on their bills, and reduce their carbon footprint while they're at it.

Save money

Just get together with six other households – nearby friends and neighbours – and we'll give you a Transition Together workbook and facilitator to get your group started on cutting your bills. It's much easier to do together.

Warm your home

Once you've cut your energy use, Transition Streets can help you or your landlord get free or low-cost cavity wall insulation, loft insulation and heating system upgrades to make your home warmer.

Generate free electricity

After your home is insulated and if it's suitable, you or your landlord can apply for a Transition Streets subsidised solar PV-system to make free electricity and earn money for the homeowner.

Just call **01803 867358**
